V-Press 60 (Manual)

The mobile hand baling HSM V-Press 60 compresses plastic film and lightweight packaging material right where the material is generated.

FEATURES

- The lever action allows the HSM V-Press 60 to produce well compressed, stackable bales – compression 5:1 and more.
- Effortless to operate with a minimum amount of strength.
- Does not need any electricity, servicing or maintenance.
- Bales produced can be repressed in hydraulic HSM baling presses i.e. compressed into denser and larger bales.

NOTE: We have a range of twine available.
