

## Wheelie Bin Compactor 240L BC-240WB

The Pioneer 240L Compactor helps businesses meet their needs around sustainability and the reduction of waste to landfill. With a 5:1 compaction ratio, it's ideal for compacting both wet and dry waste and is fully enclosed for safety.

The compactor works with any standard 240-litre wheelie bin. Simply line the bin with a bag, fill it with compactable waste, and use the controls to compress the material. Repeat until the bin is full. Once compacted, the bin can be collected as usual, or the full bags can be removed for bulk disposal.

### FEATURES

- Suitbale for wet and dry kitchen waste.
- Suitable for garages, forecourts, retail outlets, offices, small hospitality establishments
- A compaction ratio of 5:1
- Fits a standard 240L HDPE wheelie bin
- Insert to compact waste bags.

### TECHNICAL INFORMATION

Power Supply:	220 - 240 Volt 1 phase
Motor:	1.5 kW 13 Amp
Pressing Force:	Up to 2 Ton
Noise Level:	68 decibels
Cycle time when idle empty:	20 s
Loading aperture width x height:	800 x 596 mm
Width x Depth x Height:	780 x 780 x 2,360 mm
Weight:	234 kg

### BAG INFORMATION

Length x Width x Height:	490 x 490 x 860 mm
Weight:	30kg (depending on Material used)
